The public website has been designed to act as a contact point for third parties who are interested in the progress and/or outcomes of the PaREGEEn project. It has an 'easy to navigate' menu structure and provides all basic information about as well as a brief summary of the project. The partners involved in PaREGEEn are presented on the website, with their logo, a short description of the organisation and a link to their website.

The objective of the website is to inform the general public as well as interested stakeholders/end users of ongoing and finalised activities through flyers, newsletters and technical project publications.
